

June 2011

We have been on the field in Manila for almost 3 weeks. Much of our time has been spent adjusting to life here, and getting routine things set-up (cell phones, bank accounts, etc.). One of our first priorities was to find a house or apartment, and we were able to view a house the FIRST day we arrived, and signed a rental agreement 2 weeks later! A HUGE answer to prayer, and much faster than we anticipated. Thank you if you prayed with us over this - God answers prayer! We have also been busy with several ministry tasks. Marc has been at several church outreach events, has been organizing HDM here in Manila, and has begun teaching at BBKA. It's an exciting time to be in ministry, and we thank you for your support!

Marc has begun teaching at Baptist Bible College Asia. He is teaching "Personal Evangelism" to almost 30 freshman. Many of them are new Christians and eager to learn effective ways to share their faith. Some of them are young men training for full time ministry. It is truly an exciting thing to have a part in training up the next generation of church leaders! For more information on BBKA visit bbkasia.net
