

URBAN CHURCH PLANTING REPORT

NFD - Non-Facility Depended Church

August 2011

NEW NFD CHURCH LAUNCHES!

Pastor Roy Veloso, an alumni of Baptist Bible College Asia, began incubating a church many months ago. Overcoming a catastrophic flood and a government relocation of half the families in the target area, Pastor Roy was able to establish 26 small groups! Through evangelism, discipleship, and consistent prayer, Community Baptist Church, Cainta, launched public services last month. God blessed with more than 20 saved and over 200 adults and young people in attendance at the first service. Currently, this church is averaging well over 100.

CHURCH**

ANTIPOLO NFD CHURCH CELEBRATES 1ST ANNIVERSARY!

Launching in 2010 with over 300 people present, Lifepoint Baptist Church laid a foundation of evangelism, small groups, and discipleship! Settling over 100 each week, Lifepoint continued to grow. Now holding double services, the new church celebrated their 1st Anniversary with over 200 in attendance. Averaging 152 each week along with a growing weekly offering, this new church is well on its way to becoming a self-supporting NFD church. Led by Pastor Jermaine Nacion, God has blessed with a coterie of leaders who lead the 15 small groups and growing discipleship chain.

Make a 'Dent' or Make a 'Difference' Help Launch 100 NFD Churches By 2018

You can help plant a church for only \$6,000 per year. When you focus on ministry rather than facilities, you reach more people with the Gospel! When you reach more people with the Gospel, you lay a stronger church foundation! As you lay a strong foundation, you have the opportunity to grow a strong local church! Invest in a new church plant in Asia!
