

## Awesome...

Awesome... is the best description of Camp 2011! Although God moved in an incredible way during the camp season, God is still moving throughout the follow-up effort as well. More young people are being baptized, discipled, and becoming active members in local churches than ever before.

## Camp 2011 Statistics...

**94 Camps Held** - Camps began in January with over 24 public and private High Schools allowing our ministry to take their entire senior classes to camp! These by far, were the most fruitful camps.

**118,028 Total Campers** - We averaged 1,255 young people per camp! In many cases, we exceeded our goal of 80% of the young people being unbelievers. One camp, we had over 900 young people respond to the invitation! Every volunteer at camp became a counselor that evening! Every sound technician, production worker, musician, drama team member, even the kitchen workers served in sharing the Gospel!

## 54,830 Saved At Manila Camp...

**54,830 Dealt with for Salvation** - Only God can do such things! Our team worked very hard to identify and attack the cultural and social barriers erected by satan to hinder the Gospel. Ultimately, the working of the Holy Spirit was obvious when the young people responded to the clear message of the Gospel! Each young person was dealt with after the service, prayed, and filled out a commitment form; signing that they made a decision to be born again!

## 10,475 Baptized...

**10,475 Baptized** - After thorough counseling on Assurance of Salvation and Baptism, many young people made the first step of obedience to follow the Lord in believer's baptism. The pastors interviewed each candidate from their church prior to baptism to be sure each newly saved young person understood their commitment to Jesus Christ.

**15,884 Committed to Discipleship** - Due to our commitment to follow-up, we began bringing young people to a decision to be discipled through their local church. God blessed with a great number of these newly saved young people who made this commitment. The ultimate impact of this commitment could

change the world!

## Together We Are Making A Difference...

**1,937 Baptist Bible College Asia New Student Applicants** - Many indicated their desire to study for the ministry! BBCAsia continues to grow with over 1,000 students in School Year 2011-12. Again, this is a potential world changing impact of the camp ministry.

Your partnership is critical! Although the camp ministry seems to be a highlight of the year, we view this simply as the first step in our overall strategy to plant and grow churches! **We will launch three to four new churches as a result of our partnership this year!** Without your help supporting us on a monthly basis, we would be unable to remain on the field to carry on this critical work!
