

MANNA WORLDWIDE

The Ward Family

January, 2011

Dear Faithful Church and Supporter,

It is so hard to believe that we are starting our tenth year with MANNA Worldwide! It only seems like yesterday we went on a survey trip over the Christmas Break in 2001 and had a part of starting the first MANNA Feeding Center in the city of Phnom Penh, Cambodia. Our hearts were moved then and they are still moved each and every time we see a new feeding center started. Just two months ago we had a part in starting our 141st feeding center in the city of Quetzal, Guatemala. That day over 150 people showed up as we dedicated the new center and church building. Since that day, 12 children have trusted Christ as their personal Savior and this Sunday will mark the first service that church will have. Will you pray with us that God will use this new church and feeding center to reach many in that city and surrounding villages?

We also have one prayer request for you, next month we will be traveling to Panama where we will take over 30 people with us to build a playground for our center in Las Lomas as well as we will be having a Medical crew that will be going up in the mountains to the city of Soloy to help those in need there. Many of these people will be traveling several miles by foot just to see our doctors. We pray that God will use those of us there to not only meet these physical needs, but that many will hear and accept Jesus. Again, thank you for your support, your prayers and for sticking with us and helping make all this possible these past nine years. May God richly bless you!

The Wards (Chuck, Carla, Ciera, and Cayla)
