

THE WRIGHTS

WE ARE ON SCHEDULE TO ARRIVE
IN ETHIOPIA ON OUR TARGET
DATE OF JULY 2012

The Fields are White; ready for...You!

Fall is one of our favorite times of year in America. We enjoy the beautiful fall foliage, pumpkins and corn mazes. It's a time of Fall Festivals and Bonfires. But the Fall is also a time of work for the farmer as he begins to harvest his much anticipated crop. This crop will determine whether or not he will be

successful for the year and be able to plan for the coming year. The farmer is an important part of our economy and well-being in America. Just as a farmer must harvest his crop, so must the Christian harvest souls for Christ. People all over America and the world are ripe and ready for someone to tell

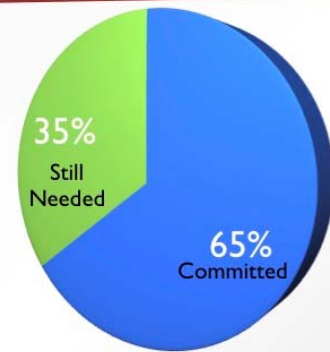

them about the Lord. We must have an urgency to harvest the fruits of others' labors and reach the world for the Lord. Someone took the time to tell us about the Lord, so we must do that for others. Fall is a time of fun but should remind us that Winter is coming. We do not know how long we will have.

*Dwayne and Tammy will be traveling to Ethiopia in Dec to look for a home.
*Tammy will be interviewing for a teaching position with Bingham Academy in Dec.
*Extreme Home Move Over Project Offering will begin in Jan. to raise funds for setting up our home in Ethiopia. More Information to come.

PRAYER REQUESTS AND PRAISES

WAITING IN DARKNESS

PROGRESS REPORT AS OF OCTOBER 2011
